## **Attendance**

Student attendance is strongly encouraged daily for summer school. Students that are consistently absent will be removed from summer school in order to allow students from the waitlist to join. If you have a vacation planned, please communicate with the teacher.

## **Discipline**

The staff and administration will do their best to assist students with behavior concerns; however, to protect educational time during our shortened day, students will be held to a high standard of behavior. Attendance at summer school is a privilege, and as such, students will be held to a three-strike rule for discipline. After three negative marks, a student will be dismissed from the program and not allowed to return.

## **Field Trips**

Look for information from your class teacher about field trips.

## **Health Services**

If a student requires medication, a parent must schedule a time with the school to drop it off. Summer School nurse on staff: Heather Nolting

## **Transportation**

The district will provide limited student transportation. Information on bus times will be communicated via email prior to the first day. **JEB WILL NOT PROVIDE HIGH SCHOOL TRANSPORTATION THROUGH THE MONTH OF JUNE.** *\*Any changes to transportation must be made by 2:30 PM daily.*
